**Target Audience:** Physicians and other members of the patient care team.

**Disclosure:** I have no financial relationships or affiliations to disclose.

**Learning Objectives:** At the conclusion, participants should be able to:

- Define gender-affirming care and understand its importance in supporting the health and well-being of gender diverse patients.
- Identify key components of gender-affirming care including psychosocial, medical, surgical and preventive care.
- Demonstrate knowledge of the unique reproductive needs of gender diverse patients.
- Understand the role of the OB/GYN in providing gender-affirming care and creating a welcoming environment.
